

# **NAVAL FACILITIES ENGINEERING COMMAND**

200 STOVALL STREET

ALEXANDRIA , VIRGINIA 22332-2300    APPROVED FOR PUBLIC RELEASE

**FY97**

## **SAFETY & HEALTH PROGRAM IMPROVEMENT PLAN**

**P-1052**

**OCTOBER 1996**

**SAFETY & HEALTH OFFICE  
NAVFACENGCOM 40K**

## **FOREWORD**

The FY97 Safety and Health Program Improvement Plan recognizes achievements in FY96 and identifies strategies, quality improvements, metrics and target dates for continuous improvement of the NAVFACENGCOM Safety and Health Program.

This plan was developed in coordination with NAVFAC Safety and Health Directors, Facility Design Safety Engineers, and Construction Safety Program Managers during strategic planning meetings conducted during FY96. Input was also solicited from NAVFAC customers and was coordinated with our field Commands. Our plan focuses on support of eight Key NAVFAC Mission Areas.

This Safety and Health Improvement Plan is approved for FY97. Leadership attention and commitment throughout the Command is needed to achieve our vision of providing the safest work environment for our people, reducing injuries, illnesses, and cost due to mishaps, and providing the highest quality facilities, products, services, and environment for our customers.

W. A. QUADE, JR.

Director of Environment

## **ABSTRACT**

This publication supersedes the FY96 Safety and Health Program Improvement Plan, NAVFAC P-1052 of October 1995.

Part I of this plan discusses development of our Safety and Health Strategic Plan and provides an overview of FY97 Objectives and Improvement Strategies.

Part II summarizes Quality Improvements achieved during FY96 and provides trends and analyses.

Part III contains our FY97 Strategic Safety and Health Improvement Plan. Strategies, quality improvements, target dates and Expected Outcomes for eight Key Mission Areas are provided.
